

What is Cyber Liability Insurance?

Designed to protect physicians who manage patient information from losses related to data breaches and cyberattacks, Cyber Liability insurance from OMA Insurance is an affordably priced and easy to obtain whether you are a sole practitioner or part of a large practice. You can have peace of mind with a Cyber Liability policy or add this coverage to your existing Office/Clinic or Commercial policies.

Why is it important to have?

Within an hour you'll have a call you back to assess the situation, and within 3 hours you'll have a legal opinion and a plan of action. If a breach occurs, the policy will cover the following:

Policyholders

The Healthcare industry is one of the fastest growing targets for cyber criminals.

Cyber notifications:

750
2018

1,500+
2019

75%
of cyber claims are the
result of human error
